

WARDROBE AND MAKE-UP TRAILERS RENTAL

FILMBUS

SINCE 2000

SINCE 2000

4 WHEEL BACKGROUND

We are family company who offer rental of make-up and costume trailers. We provided support for Hollywood stars such as Vin Diesel, Tom Cruise, Anthony Hopkins, Queen Latifah, Gérard Depardieu, Rosamund Pike or Orlando Bloom.

Our trailers have already traveled to most European countries. The technique experienced hard climate of the mountains or the high temperatures at the sea coast. However, the quality of our services has always remained at the same level.

We have been already a part of hundreds of films and commercials and we will be happy to become a support for your project as well.

WATER TANK TRAILER

We are able to supply your event with drinking water. Also we will remove the polluted water and its ecological disposal.

We have certified drinking water tanks, triple water treatment (carbon filter, anti-scale filter and UV sterilizer) in the cars.

We refuel water in the morning every day from verified sources. Therefore, we can guarantee the safety and freshness of our water.

We have heated cars so it can be used in any climatic conditions.
